

GFCCC Mourns Loss of Colleague Eric Prieur

Eric Prieur, Director of Cold Chain Sustainability at Carrier Corporation, died tragically on the ill-fated Ethiopian Air flight 302, en-route to Nairobi for the United Nations Environment Assembly Conference. Prieur was to make a presentation on behalf of the Global Food Cold Chain Council on food loss and waste. He had great energy and passion on the topic of sustainability. Global Food Cold Chain offers its deepest condolences to his colleagues, friends, and family.
